# About Us :

BE SWITCHGEAR INDIA is being acknowledged as one of the most respected nationwide manufactures and importer of low voltage electrical. During the past 22 years, we invested abundant resources in both research and development and employee training programs. "BeSwitch" is named as a famous trademark in domestic and overseas markets. Our company has took the lead in applying ISO 9001:2015 Quality Management System. Many products are certified under international certificate, such as CE and ROHS.

# Who Are We?

Currently, we have manufactured, imported and exported more than 20 varieties of products, with over 40 types of low voltage electrical apparatus including all kinds of Auto Transfer Switch, Circuit breakers, Contactors, Relays, Starters, Switches, Panel meters, Fuses, Mechanical instruments and Electrical accessories etc. And we have already established great business relationship with renowned customers in India, Africa and America.

We are fully aware of the fact that only "Versatile Staff, Distinctive Quality and Advanced Technology" can keep us survive and succeed in today's highly competitive market.

Hence, we will be with overall technology support, good service to meet the requirements of world. We're dedicated to improving people's lives and the environment with power management technologies that are more reliable, efficient, safe and sustainable.

# Our Business

We help customers meet the demands of the world's evergrowing need for power through improving efficiency and uptime, meeting regulatory requirements and protecting people and equipment. Our electrical products help utilities generate, transmit and distribute power. And once that power is distributed, we help people use it efficiently and safely, whether in a building, industrial facility, data center or home. Our solutions range from circuit breakers to switchgear to machine controls.

We offer a full portfolio of backup power and surge protection, providing maximum uptime and guarding against power surges or outages. In hazardous environments we help protect people and property with explosion-proof enclosures, signaling, notification and surveillance systems. Our comprehensive portfolio of end-to-end electrical solutions is complemented by our full-scale engineering and support services.

Our customers span a wide range of markets, including residential, commercial and institutional buildings, industrial facilities, utilities, data centers, oil and gas, mining and machine original equipment manufacturers (OEMs)

# INDEX

# The World's Demand For Power Keeps Growing

Today, the world runs on critical infrastructure and technology. Planes. Hospitals. Factories. Data centers. Vehicles. The electrical grid. These are things people depend on every day. And the companies behind them depend on us to help solve some of the toughest power management challenges on the planet. At BeSwitch, we're dedicated to improving people's lives and the environment with power management technologies that are more reliable, efficient, safe and sustainable.

We are a power management company. Our energy-efficient products and services help our customers effectively manage electrical, hydraulic and mechanical power more reliably, efficiently, safely and sustainably. By giving people tools to use power more efficiently. Helping companies do business more sustainably. And by encouraging each and every employee at BeSwitch to think differently about our business, our communities and the positive impact we can have on the world.

### MCCB – BeM

- CONFORMS TO IEC 60947, CE MARKING
- RANGE: 40A – 800A FIXED TYPE, MORTISED 125A – 630A
- POLES: 3 & 4 POLE
- STANDARD PACKAGING INCLUDES INSULATING PHASE BARRIERS AND HARDWARE
- SHORT FLASH OVER AND VIBRATION RESISTANCE

### 3 POLE MCCB – BeM

# How Does A Company Our Size & Breadth Accelerate Growth & Improve Performance?

By mobilizing the power of the enterprise under a shared culture and unified practices.

Our Business System is our culture in action, and its foundation a single vision, shared set of values and common philosophy. Its purpose is to help us harness the scale and breadth of our business to effectively work as an integrated operating company. Its standard set of processes lets us be more efficient, share best practices and more effectively work as one BeSwitch to manage:

- Planning
- Growth
- Learning
- Assessment
- Functional excellence
- Operational excellence

# How we work at BeSwitch

- It is based on our belief in standard processes and a teachable point of view.
- It ensures that we transfer best practices and key learning across the organization.
- And it encourages continuous improvement It is our source of competitive advantage and, when effectively deployed, leads to superior performance.

## Safety

Creating a workplace focused on the health and well-being of the employees, the environment, our customers and the communities where we do business.

## Good Sense

Exercising sound business judgement in all our decision and actions in order to accomplish our mission.

## Accountability

Taking personal ownership and pride in our action and always putting forth our best effort.

## Transparency

Openly communicating, actively listening, challenging ideas and processes, and setting reasonable expectations to achieve the best possible outcome.

## Teamwork

Working together to foster creativity and leveraging individual strengths to reach common goals and objectives.

## Respect

Being honest and forthright in everything we do; while understanding and valuing the contributions and priorities of others.

## Passion

Dedication to our mission, client, our company, the environment and each other.

**AV GUARD**

- RANGE : 32A & 63A, SINGLE PHASE / THREE PHASE
- AMPERE PROTECTION ADJUSTABLE UPTO 32A/63A
- VOLTAGE PROTECTION ADJUSTABLE
- DIGITAL DISPLAY
- START/STOP OPTION AVAILABLE

**AV GUARD (AMPERE + VOLTAGE PROTECTOR)**

Type	Rating	Description	Cat Refrence	Unit LP (Rs)
1PH	32A	240VAC	BeAVG32220	2070

LED INDICATOR LAMP - 22.5	RED	Be16-22DSR	81
	YELLOW	Be16-22DSY	81
	BLUE	Be16-22DSB	81
	GREEN	Be16-22DSG	81
LED DIGITAL VOLTAGE INDICATOR 220V - 22.5	RED	BE16-22VDR	243
	YELLOW	BE16-22VDY	243
	BLUE	BE16-22VDB	297
	GREEN	BE16-22VDG	243
DIGITAL AMPERE INDICATOR 220V WITH 100/5 CT - 22.5	RED	Be16-22ADR	360
	YELLOW	Be16-22ADY	360
	GREEN	Be16-22ADG	360
AMPERE + VOLTAGE INDICATOR RED WITH 100/5 CT - 22.5	RED	Be16-22AVDR	540

# Services And Support

BeSwitch's comprehensive, world - class service solutions for all BeSwitch's power distribution, software and connectivity products are designed to improve costs, uptime, reliability, power quality and safety. we demonstrate our commitment to strong, lasting customer relationships through our technical expertise and expansive support network, we are well-positioned to solve your toughest power management challenges.

## Technical Support Services

Combining strong technical product expertise with in depth industry applications experience, the transfer switch technical support organization processes an innate ability to answer your questions and troubleshoot issues remotely, from guiding a customer through a system setup to resolving critical alarms, this dedicated team of industry professionals is here to help.

## Primary Services

- Installation, set-up, usage and troubleshooting
- Internal field engineer support for complex installation
- Advanced application diagnostic support service

## Custom Order Engineering

In many cases, standard product can be custom-order engineered to meet your application needs, for additional information, please contact your local BeSwitch's sales representative.
